Where is the Dashboard?

The dashboard will be housed on the DARS website and will be public facing.

The screenshot displays the DARS Adult Protective Services website. The header features the DARS logo and the text "Adult Protective Services" on the left, and a search bar with "ENHANCED BY Google" and a magnifying glass icon on the right. Below the header is a navigation menu with five items: "Programs", "Documents & Forms", "Meet the Team", "Resources", and "DARS Homepage". A breadcrumb trail below the menu reads "Home > Programs: Adult Protective Services". The main content area has a heading "Adult Protective Services" followed by a paragraph: "Adult Protective Services (APS) receives and investigates reports of abuse, neglect, and exploitation of adults 60 years of age or older and incapacitated adults age 18 or older. If protective services are needed and accepted by the individual, local APS workers may arrange for a wide variety of health, housing, social and legal services to stop the mistreatment or prevent further mistreatment. Services offered may include home-based care, transportation, adult day services, adult foster care, nutrition services and legal intervention in order to protect the adult. Services may also be arranged for individuals in emergency situations who lack the capacity to consent to services." To the right of the text is a photograph of three elderly people sitting around a table, engaged in conversation.
