WORK-BASED LEARNING/WORK EXPERIENCE COLLABORATION

Brittina Gaskins, DARS
Billy Kraus, The Choice Group
STUDENT A

- Career Exploration (Virtual Job Shadow)
  - Student wants to be an “Actor”
- Hired Vendor “The Choice Group” (Billy Kraus) Spring 2022
  - Student completed various work-based learning experiences in community.
- Work Experience located in VA Beach based on student’s career interest, Summer 2022
WORK-EXPERIENCE OUTCOMES

- Student A is still working on a part-time basis at “Family Fun Xperience” and is currently working towards a long-term career goal.
STUDENT B

- Career Exploration (Virtual Job Shadow)
  - Student is interested in cooking and is interested in “food service”
- Hired Vendor “The Choice Group” (Billy Kraus) Spring 2022
  - The Choice Group located an opportunity for a work experience at Teriyaki Madness
  - Work Experience “Summer 2022”
WORK EXPERIENCE

OUTCOMES

• Student B is still working part-time at Teriyaki Madness and he is very happy with this work experience.
STUDENT B PARENT/EMPLOYER FEEDBACK

• August 18, 2022: Student B “Parent”
  • Couldn’t be any better! Student B is now working independently at the very well-chosen restaurant. Yesterday we went to eat there and I had a chance to meet the owner, who was very kind. 😊 Student B is so proud of his job, and I am so grateful to DARS. Let me know if there is anyone who should receive a letter of gratitude from me.
  Erin

• November 14, 2022: Student B “Employer”
  • Thank you for that feedback. Student B is a joy to be around and takes his work seriously. The other day, we asked him to pick up the pace a little on a task and he did so by 2X. This is something I am working with everybody. Just get a little faster, process improvement kind of thing. I was also excited to see one of his co-workers Mike, engage with him while they were prepping food. I think they were discussing video games. And even though Mike is close to twice Student B’s age, I couldn’t tell who was the adult and who was the teenager. Point being, he is blending in well along with getting the job done.

• Request must be submitted and approved prior to services beginning.
Individual hourly code used for payment of coordination activities **ONLY** for Pre-ETS Work Experiences. Authorized activities include the following:

- coordinating activities with student, family, and school (as appropriate);
- arranging the work experience & completing the Work Experience Agreement;

Authorizing Student WE Payment Reimbursement (WEwage)

- WEwage is authorized at an individual hourly rate and may be no more than 120 hours per student.
  - Available for Individual and Group WEs
  - Only approved vendors

- Students WE Payments must be consistent with the effective minimum wage ($12 now)

  – The time log is on the Pre-ETS Work Experience Services Invoice & Report (PreETS-4) and contains:
    • Total hours worked each day of the calendar month.
    • Student and Skills Trainer Signatures
**Department of Labor Fair Labor Standards Act (DOL FLSA)**

- Pre-ETS Work Experiences are structured to constitute and meet DOL requirements for internships.
  - Unless the student is hired as an employee by the host business, their relationship is as trainee-trainer.
  - DOL imposes 120 hour limit for work-related training in internships
- The FLSA requires “for-profit” employers to pay employees for their work. Interns and students, however, may not be “employees” under the FLSA—in which case the FLSA does not require compensation for their work.
  - DOL applies a seven factor “primary beneficiary test” to determine whether the true nature of a relationship is “employee/employer” or “trainee/trainer” ([Fact Sheet #71: Internship Programs Under the Fair Labor Standards Act](https://www.dol.gov/agencies/whd/factsheets/internship_programs.pdf)).
Vendors required to complete a Pre-ETS Vendor Work Experience Agreement (form PreETS-2) prior to beginning any work experience (individual & group). The agreement is signed by all parties and includes:

- Party roles and responsibilities
- Student’s work experience objectives (skills/competencies to develop and practice, knowledge and/or experience to gain, career exploration to achieve, etc.)
- Student’s work schedule
- Skills trainer support plan
Skills Trainer Supports

• Include both on- and off-site activities such as:
  – Supporting student adjustment to WE environment
  – Teaching WE duties and soft skills
  – Natural Support development/maintenance
  – Accommodation supports
  – Contact & consultation with student and worksite supervisor/mentor (at least once a week) to problem-solve and obtain performance feedback
  – Facilitate final meeting with supervisor and student to review student strengths, areas for growth, and overall performance
Actual fading will vary per student, but the goal is for students to be as independent as possible with natural supports.

Additional Service Considerations

Additional VR Transition Services to Create Successful Student Experiences
Student Earned Income Exclusion (SEIE)

• Students receiving SSA disability benefits and participating in a paid work experience qualify for that income to be excluded and not impact SSI benefits.
  – January 2022 maximum monthly exclusion is $2,040 and annual exclusion is $8,230.
  – Should follow the steps to request the SEIE prior to starting the WE and report income appropriately.
  • For eligible VR clients, counselors may authorize WISA services for SEIE assistance (S/I Code: A3009)
To request the Student Earned Income Exclusion (SEIE), a student must submit the following to their local SSA office:

- An SEIE request in writing through either a letter or by filling out the SSA’s Statement of Claimant form (here); and
- Documentation verifying enrollment in school
  - May be a letter from the school on letterhead verifying attendance and the number of hours the client is enrolled per week (or class schedule)

Recommend sending documentation via certified mail so that SSA has to sign for it and there’s documentation they have received it.
Additional VR Services

• Students who are on an eligible VR case type may receive additional VR services needed, including but not limited to:
  – Individualized Benefits Planning (WISA Services)
  – Rehabilitation Technology
  – Pre-ETS Flexibilities
Pre-ETS Flexibilities

• VR services for ELIGIBLE SWDs with IPEs funded through Pre-ETS when needed to participate in Pre-ETS.

• These services are subject to financial participation (RS-13) requirements and include:
  – Maintenance (S/I Code: PREFLEX1)
    • Example: Uniform for work experience
  – Transportation (S/I Code: PREFLEX2)
    • Example: SWD needs bus passes to get to WE
